Experience our fastest internet speeds instantly!

Speed up to 1 Gig amenity included

Limited availability. Service and speed in select locations only.

Let's get you signed up.

1. Visit Q.com/instant360wifi or scan the QR code.
Click the "Check Availability" button and follow the steps to sign up.
2. Create your account password by clicking the link in your "Welcome" email.
3. Download the Quantum Fiber app on a smart device and log in with the password created in step 2.

Scan here

Now let's set up your WiFi.

1. While in the app, tap the WiFi symbol  under Networks.
2. Create a name and password for your WiFi network (SSID).
3. Connect your smart devices using the network name (SSID) and password you just created.

Bookmark this website so if you hit a glitch you can get help easily.

Although our fiber service usually means 100% fiber-optic network to your location, in limited circumstances Quantum Fiber may need to deploy alternative technologies coupled with a non-fiber connection from a certain point (usually the curb) to your location in order to provide the advertised download speeds.

Customer speed experiences will vary, particularly when accessing the Internet wirelessly from various devices. Download/upload speeds are via a wired connection. Internet speeds are not guaranteed due to conditions outside of network control, including customer location, devices, equipment, and access through a wired or wireless connection; see q.com/legal for more information.

Limited availability. Service and speed in select locations only. Month-to-month (referred to as "no contract") service means no term commitment and may be cancelled at any time without an early termination fee but customer must accept Internet Subscriber Agreement prior to using service (see q.com/legal). Quantum Fiber may change, cancel, or substitute offers and services, or vary them by service area, at its sole discretion without notice. See Q.com/legal for taxes and fees. Additional restrictions may apply. ©2024 Q Fiber, LLC. All Rights Reserved. Quantum, Quantum Fiber and Quantum Fiber Internet are trademarks of Quantum Wireless LLC and used under license to Q Fiber, LLC.
