

Dog DNA Program Administration Change Notice

May 11, 2026

Dear Waverly Station Residents,

We are pleased to announce that Imagine Landscape will be assuming the administration for the existing PooPrints dog DNA program effective immediately.

How the program works:

- Participation in the program is mandatory for all resident and visiting dogs per the community Rules and Regulations. Homeowners who fail to register their dogs will be assessed progressive fines according to the Waverly Station fine schedule.
- Every dog in the community is registered online and with a simple cheek swab.
- Uncollected dog waste will be sampled and sent to the PooPrints lab where it will be tested and matched to the responsible pet.

Program costs:

There is no cost to the HOA for the program to transfer to Imagine Landscape for administration. As before, dog owners pay a one-time registration fee of \$100.05 per dog. There is no additional cost to the HOA or dog owner unless a waste sample is matched to a dog. As before, the waste match fee is \$167.55 per occurrence plus applicable fines. All DNA fees are added to owner accounts and paid through the HOA.

Next Steps:

1. If you have a resident or visiting dog that has not yet been registered in the program, please pre-register your dog online here: <https://dnawpr.com/reg/7n37vi>
2. Plan to bring your dog(s) to the Waverly Station clubhouse on Thursday, May 21st between 5-7 pm for a quick cheek swab.
3. If you are unable to attend the registration on May 21st, please email PAWS@imagine-landscape.com to arrange the cheek swab at our office location in South Salt Lake.

* Report any dogs you think may not be registered:

here: https://docs.google.com/forms/d/e/1FAIpQLSfCtomwpBeLEdVQtPf6YWd1YS15LV31yaEmktzqrZFc cPIPA/viewform?usp=share_link&ouid=108486850513410487937

* Report any uncleaned pet waste you see in the

community here: https://docs.google.com/forms/d/e/1FAIpQLSfpO1Kyj-IYIUyAu-I5-vd65asdzydL2u1e6mYhO7WLtpCng/viewform?usp=share_link&ouid=108486850513410487937

Our goal is simple: maintain a clean, enjoyable, and truly pet-friendly environment for everyone. We appreciate your cooperation and are happy to answer any questions.

Thank you!

Emily Daughton, Imagine Landscape
